BJFEZ celebrate 9th anniversary ceremony

BJFEZ started this month with 9th anniversary ceremony on March 12, 2012. Since BJFEZ Authority launched in March 2004 with a vision of becoming an economic hub for the Northeast Asia, BJFEZ produced the FDI of \$1,564 million from 21 nations, total of 91 cases, and creating the excellent living atmosphere for the foreign families to international live style.

Looking back past nine years of BJFEZ devotion, even despite of the global economic recession, we have come long way to be where we are now, completing six districts and three more districts to be completed by this year. Now we are excite of upcoming projects at Myeongji area as International city and Ungdong Area as leisure & tourism complex. The Myeongji district as International city will be focus to attract core segment of commerce with R&D centers, international global campus & medical town, and international business complex. And at the Ugdong area will hold the ground breaking of construction for foreign international institutions and golf course by this year. For the road infrastructure, 6 out of 18 road construction projects have completed including the main project of Ulsuk Island Bridge (under sea) and four more road construction will be open this year. The road construction projects are in schedule to finish by its plan, which will benefit the BJFEZ Authority.
