September 2013 Investor Newsletter

The months of the September 2013 BJFEZ had three visitations, first from Vietnam government, second Caricom (Caribbean Community country), then Taiwan government

First was from the Vietnam government to study the operations of the BJFEZ program to adapt to their development area. The total of 15 officers, lead by the Deputy of the department on September 5, 2013.

Second was from the Caricom (Caribbean Community country) on September 6, 2013. This visit was part of the Caricom 'Tour of Korea' to study and review the Korea government function. They interest in BJFEZ was the how the port systems adopt with free economic zone development.

Third was from the Taiwan government (department of transportation) visited the BJFEZ with similar questions as above visits. Most interest they have was the development of the road construction tie with port systems and the local public road.

The Busan–Jinhae Free Economic Zone Authority
would like to best wish for all our readers.
